Some (but not all) 1999 TL models were recalled for replacement of the ignition switch. Models that have had the ignition switch replaced under this recall should use switch 35130-S84-305 instead of the original 35130-S84-A01 switch. Please contact your local Acura dealer if unsure whether or not your vehicle is included with those that were recalled under NHTSA Campaign #02V120000.
