BEYOND BRAWN 2ND EDN: The Insider's Encyclopedia on How to ...

Beyond Brawn does a great job of covering thoroughly all aspects of strength & fitness from the author's personal perspective. The range of topics is impressive for a single book & lays out an all-encompassing strategy for achieving gains and customizing them to the user's needs. The lessons are repetitive ad nauseum.

about BEYOND BRAWN "I want to say without hesitation that is the greatest book ever written on how to train with weights. And it is the greatest book ever written on how to while training with weights. It is the greatest—period! Dick Conner, veteran strength coach and -year-plus

is is the book I wish I could have studied when I started

"BEYOND BRAWN is an encyclopedia of information, detail upon detail, of all of the subtopics related to weight training. It is not a powerlifting or weightlifting "book." This is the book that remains on the floor next to the bed or on the night table which can and should be looked at nightly.
