Not only will this foster a culture of life-long learning, but it looks great on a college application! These experiments make great family projects to do together too - much better than vegetating in front of the tv! Below you will find a selection of science experiments spanning across Biology, Chemistry, Physics and the Earth Sciences.

Top 10 Science Experiments to Try at Home | Owlcation

The classic volcano is the old-school chemistry lab volcano, which is also known as Vesuvius Fire. The mixture glows and gives off sparks as it decomposes, and makes its own cinder cone of green ash. The compounds used in the classic volcano are toxic, so this is a chemistry lab demonstration and not a great choice for the armchair scientist.
