Resuscitation guidelines

The European Resuscitation Council Guidelines for Resuscitation 2015 were published in Resuscitation on 15 October 2015. They provide specific instructions on how resuscitation should be practiced and take into account ease of teaching and learning, as well as the science. They were developed by Europeans, based on the ILCOR Consensus of Science, and have been specifically written with ...

ERC Guidelines for resuscitation 2015

In July 2012 the process used by the Resuscitation Council (UK) to produce the 2010 Resuscitation Guidelines was accredited by the National Institute for Health and Clinical Excellence (NICE). The NICE Accreditation Scheme recognises organisations that demonstrate high standards in producing

health or social care guidance. Users of NICE accredited guidance can therefore have high confidence in ...

Guidelines 2010 - Resuscitation Council (UK)

Guidelines are no substitutes but are complements for textbooks and cover the European Society of Cardiology (ESC) Core Curriculum topics. Guidelines and recommendations should help the physicians to make decisions in their daily practice. However, the final decisions concerning an individual patient must be made by the responsible physician(s).
