ZF 6 Speed Manual Transmission

1989 Corvette C4: New Six Speed Manual Transmission. The big news for 1989 was the completely new six speed manual transmission. It was designed for the Corvette by Zahnradfabrik Friedrichshafen A.G. (ZF) a German transmission builder with an excellent background for producing bulletproof transmissions for high horsepower applications. It replaced the "4+3" manual plus overdrive Doug Nash unit ...

1989 Corvette C4: New ZF Six Speed Manual Transmission

EcoShift replaces conventional 6-speed bus transmissions in the torque ranges between 1 000 and 2 100 newton meters. With optional extension modules, such as the new ZF-Intarder for more safety or an additional cooling system for especially demanding operating conditions, transmissions can be tailor-made for each application specification. Compared to previous manual transmissions, EcoShift ...

This list of ZF transmissions details those automotive transmissions created by the German ZF Friedrichshafen AG engineering company.. There are two fundamental types of motor vehicle transmission: . Manual – the driver has to perform each gear change; Automatic – once placed in drive (or any other 'automatic' selector position), it selects the gear ratio dependent on engine speed and load ...

List of ZF transmissions - Wikipedia

The most obvious difference between a 5-speed and a 6-speed manual transmission is the number of speeds: A 5-speed has five different gears and a 6-speed has six. Common 5-speeds. Until very recently, most consumer automobiles mass-produced with manual transmissions tended to be 5-speeds. Only higher-end cars with more powerful engines and finer-crafter components tended to have 6-speeds ...

How to Drive a Six-Speed Manual Transmission by William Zane . shifter image by Brett Bouwer from Fotolia.com. Though six-speed gearboxes used to be a relatively rare thing, in recent years they have become more commonplace and are seen as frequently on Volkswagens as they are on higher-end cars like Porsches and BMWs. A six-speed is not really that different from a five-speed or even a four ...

ZF 6 speed manual transmission issues (Z4M) Repair Help. I seem to have quite the unique/weird issue that I am currently trying to get to the bottom of. My transmission will deny a second gear shift about 1 out of every 40-50 times. It does not matter if it's a up shift or a down shift, or if it's a sloppy shift or a perfect rev match. It is completely random and the only consistency I can see ...
